*Any monthly payments shown are estimations only and do not guarantee financing. Your actual payment could vary based on your credit profile and being approved by the financial institution. Lender rates, fees or programs are subject to change without notice.

The initial monthly payment assumes a 10-year term at 7.49% and that the \$12,998.40 Deferred Payment Portion is paid by the Deferred Payment Portion reamortization date. Assuming \$12,998.00 is paid by the Deferred Payment Portion reamortization date, then remaining monthly payments will be \$232.77. Assuming all previous monthly payments are made on time, the monthly payment after the Deferred Payment Portion should not exceed \$396.43 if the Deferred Payment Portion is not paid in full.

As the purchaser and owner of a solar photovoltaic system, you may qualify for certain federal, state, local or other rebates, tax credits or incentives (collectively, "incentives"). If you have any questions as to whether and when you qualify for any incentives and the amount of such incentives, please consult and discuss with your personal tax or financial advisor. Sungage and Training Only make no representation, warranty or guaranty as to the availability or amount of such incentives.
